PERSONAL PROJECTS

An LMS Website (MathematicsMadeEasy.com)
- Built a website on WordPress for students where they can purchase courses and start learning by watching video lectures.

Other than this I like making creative things for fun that can be seen on my website. ⬏

ACHIEVEMENTS

Not just a UI Developer (01/2021 - Present)
I started working as a UI Developer but when needed I handled a bit of front-end as well and then I started using real time data and developed some of the front-end as well with back-end (Java) system integration using Axios.

Not only a Developer (07/2022 - Present)
Responsible for managing the Content Team, at present comprising of 7 people. I am responsible for gathering requirements about the document from the authorised department and then supervise my team to deliver the documents as required on time.
